

Convention on Long-Range Transboundary Air Pollution  
Working Group on Effects

**International Cooperative Programme on  
Modelling and Mapping of Critical Levels & Loads  
and Air Pollution Effects, Risks and Trends  
(ICP M&M)**

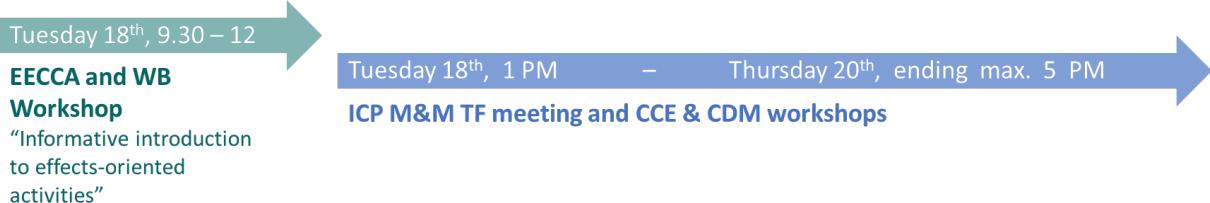

**41<sup>st</sup> ICP M&M Task Force meeting, 32<sup>nd</sup> CCE and 6<sup>th</sup> CDM  
workshops**

**Tuesday 18<sup>th</sup>, Wednesday 19<sup>th</sup> and Thursday 20<sup>th</sup> February 2025**

**Hosted in Helsinki, Finland**

**EARLY AGENDA (November 2024)**  
indicative timeline and topics

**Timeline**

*The Tuesday morning workshop is open for Eastern European, Caucasian and Central Asia (EECCA) and Western Balkan (WB) countries. For further information please see the letter you have been sent by the Secretariat if you are concerned about this proposed additional meeting.*

**Topics for the TF meeting**

- Feedback from ongoing activities and recent meetings under and outside CLRTAP
- NFCs' contributions to effect-oriented activities
- Contributions from other bodies of the convention to effect-oriented activities
- Call for Data 23/24 on EmpCL and implication towards Gothenburg Protocol revision
- Current Call for Data 24/25 on Steady-state CL and Dynamic Modelling
- Critical Loads for acidification and eutrophication (Steady-state, Empirical, Receptor map)
- Dynamic Modelling activities
- Uncertainties regarding Critical Loads
- Other scientific developments regarding Critical Loads & Critical Levels

*Sessions may include other topics on your suggestions and inputs.*

*If you have additional suggestions, please return any of these to the following contacts:*
