

Hybrid Conference 'The Challenge: Combat Global Warming with Waste Sector Actions'

Country Focus CCAC-State-Partner Jordan

Wed., 29.9.2021, 9:30-12:30 CEST - Panel information (green = in Person)

Key Note Presentations or Videos (total 1h30min maximum)

Jordan's waste policy and planning and its climate impact (10-15 min)

Hanadi Rabai'eh, Solid Waste Division, Ministry of Environment, Jordan

Climate and resource protection through circular economy in Jordan

Cash-for-work production of high-quality compost (15 min)

Gabriele Janikowski, Project Manager 'climate and resource protection through circular economy in Jordan', GIZ JO

The Role of Solid Waste Composting in Mitigating Climate Change in Jordan (10-15 min)

Prof. Dr. Hani Abu Qdais, Jordan University of Science & Technology, PREVENT Waste Alliance

IKKN and the potential of City Partnerships (15 min)

Video: Deutsch-jordanische Projektpartnerschaften - YouTube

Faraz Dahir, Initiative NahOst IKKN
and Amal Alhawarat, New Deir Alla Municipality

Example from the Region: The CCAC Project with Lebanon – Developing an approach to organic waste management at local level (10-15 min)

Rami Nassif, President of ISWA Lebanon

Resource Persons' Introduction

Basem Al-Hawamdeh, C40 City Amman

Barbara Beckert, UBA / Advisory Assistance Programme

Norbert Evermann, AVG Cologne

Jan Gressmann, Eggersmann Recycling Technologies, RETech Partner

Christian Güse, Verband kommunaler Unternehmen VKU

Florian Kölsch, Dr. Kölsch Geo- und Umwelttechnik GmbH

Prof. Abdallah Nassour, Rostock University

Johannes Paul, GIZ

Awwad Salameh, NDC Partnership In-country Facilitator

(Draft) Key Questions

Which potential for separation and technologies for treatment of organic waste would be applicable in Jordan (composting, black soldier fly, WtE, used edible oil recycling etc.)? Which are the technical to financial conditions and GHG mitigation potentials?

How could the waste sector contribute to NDC ambitions and urban environment and green economy?

How could national and local level (cities) cooperate to achieve implementation at scale?

Which role does formation of professionals, education and awareness play?

Which cooperation and support opportunities are available for Jordan and/or the entire region?

Where are areas for future cooperation and collaboration between the different actors actively involved with Jordan?

Key Outcome

Ideas for further collaboration of different actors

Moderation: Anja Schwetje, UBA
